Adult Friends

Most people have been blessed with many good friends in their life. Some of these have already been mentioned in connection with family, school, or work. In this section do more than mention them. List names of those adult friends which you have spent more than a usual amount of time associating with and provide information as to how they connect to your life. Small Photos of these people should be used if available.

PHOTOS OR DESCRIPTION

Give names, addresses if possible, and how connected to you. (Neighbor, work friend, etc.)
